

Display devices

1. Study on Controlling Oil Movement in Electro-wetting Display
Youn Sik Kim, Su Young Kim, Tae Hyun Kim, Eun Gyoung Song, Palanivelu Sureshkumar and Seung Hee Lee, J. of KIEEME, Vol. 20, No. 2, p. 173, 2007(Korean).
2. Unusual double four-lobe texture generated by the motion of carbon nanotubes in a nematic liquid crystal
Seok Jin Jeong, Palanivelu Sureshkumar, Kwang-Un Jeong, Seung Hee Lee, Seok Ho Jeong, Young Hee Lee, Ruibo Lu, and Shin-Tson Wu, Optics Express. **15**, 11698, (2007).
3. Oil Movement of Electrowetting Display with Patterned Pixel Electrode
Su Young Kim, Youn Sik Kim, Eun Gyoung Song, Palanivelu Sureshkumar, Chan Jae Lee, Jeong In Han, Seung Hee Lee, Proc. of the KIEEME Annual Autumn Conference, p. 286~287, 2006.
4. Influence of surface roughness on electrowetting
Palanivelu Sureshkumar, Youn Sik Kim, Mi Hyung Chin, Young Jin Lim, Seung Hee Lee, Proc. of Korean society for imaging science and technology conference, South Korea. p.37- 41, 2007.
5. Increase of response time in Electro wetting Display by controlled oil movement using patterned Electrode. Su Young Kim, Youn Sik Kim, Eun Gyoung Song, Palanivelu Sureshkumar, Chan Jae Lee, Jeong In Han, Seung Hee Lee, Proc. Of 26th Science programme conference of Korean society for imaging science and technology, South Korea. 2006,

NLO materials

1. *Gel Growth of Vanillin and its X-ray characterization*
P. Sureshkumar, K. Sivakumar, S. Natarajan
Cryst. Res. Technol. 29 (1994) K-59 -- K-61
2. *Vanillin-I,*
R. Valavan, P. Sureshkumar, K. Sivakumar., S. Natarajan
Acta Crys., C-51 (1995) 252-254
- 3 *Growth and characterization of tris allylthiourea mercuric chloride crystals*
R. Siddheswaran, R. Sankar, M Rathnakumari, R. Jayavel
P. Murugakoothan and P. Sureshkumar
Cryst. Res. Technol. 41, (2006) 771 – 774
4. *Growth and Optical properties of a new semi-organic nonlinear optical crystal L-Arginine hydrochlorofluoride monohydrate (LAHCIF)*
R. Siddheswaran, R. Sankar, M. Rathnakumari, P. Murugakoothan, R. Jayavel, P. Sureshkumar
Science review Letters 13, (2006) 803-808
5. *Nucleation, growth and characterization studies of a nonlinear optical crystal – tris allylthiourea cadmium chloride (ATCC)*
R. Siddheswaran, R. Sankar, M. Rathnakumari, R. Jayavel, P. Murugakoothan, and P. Sureshkumar
Laser Phys. Lett. 3(6) (2006) 588-593
6. *Synthesis, Growth, and Characterization of L-Proline Cadmium Chloride Monohydrate (L-PCCM) Crystals: A New Nonlinear Optical Material*
A. Kandasamy, R. Siddeswaran, P. Murugakoothan, P. Sureshkumar, and R. Mohan
Crystal growth and design 7(2), (2007) 183-186

Conferences

7. Crystal and Molecular Structure of Vanillin

P. Sureshkumar, R. Velavan, K. Sivakumar and S. Natarajan.

XXV National Seminar on Crystallography, Dec. 15-17, 1993, Uni. Of Madras

8. "Growth and characterization of zinc thiourea chloride",

P.Sureshkumar

Fourteenth American conference on Crystal growth and Epitaxy, August 4-9,2002

Seattle Washington, USA.

9. Growth and characterisation of Co substituted zinc thiourea sulphate (ZTS) single crystals for NLO applications.

Mekala Daniel, Malika jeyarani, M.Rathnakumari, P.Sureshkumar, R.Jayavel

The first NIMS international conference on Material Solutions For

Photonics. . March 17- 19,2003 NIMS at Sengen, Tsukuba, Ibaraki, JAPAN

10. Growth and Characterization of Tri allyl thiourea cadmium chloride (TACC) single crystal

R.Siddheswaran, R. Sankar, M.Rathnakumari , R.Jayavel, P.Sureshkumar

Tenth National Seminar on Crystal Growth. 27th – 29th Jan-2005, Kongu Engineering College, Perundurai, TN, India.

11. "Growth and Characterizations of L-Alanine doped ZTS crystals".

Tenth National Seminar on Crystal Growth. 27th – 29th Jan-2005, Kongu Engineering College, Perundurai, TN, India.

M. Jeyarani Malliga , Mekala Daniel , M. Rathnakumari, P. Sureshkumar, D. Jayaraman

12. Growth and Characterizations of Tris Thiourea Cadmium Sulphate Crystal"

Tenth National Seminar on Crystal Growth. 27th – 29th Jan-2005, Kongu Engineering College, Perundurai, TN, India.

Mekala Daniel , M. Jeyarani Malliga , M. Rathnakumari, P. Sureshkumar, D.

Jayaraman

13. Growth and spectroscopic studies of Tri Allylthiourea Mercury Chloride (TAMC) single crystals".

R.Siddheswaran, P.Sureshkumar, M.Rathnakumari, P.Murugakoothan, R.Jayavel

International Conference on Spectrophysics (INCONS 2005) Pachaiyappa's College, Chennai, India.

Nano fibers

1. Preparation and characterization of ZnO nanofibers by electrospinning

R. Siddheswaran, R. Sankar, M. Ramesh Babu, M Rathnakumari, R. Jayavel

P. Murugakoothan and P. Sureshkumar

Cryst. Res. Technol. 41, 446 – 449 (2006)

2. Nano fibers –preparation, processing parameters and their characterizations

R..Siddeswaran. P.Sureshkumar, M.Rathnakumari and R.Jayavel, National

conference on nano science and technology , Chennai, India 11-12 June 2004

3. Preparatiopn and characterization of polymer nanofibers and membranes by electrospinning

R..Siddeswaran. P.Sureshkumar, M.Rathnakumari and R.Jayavel,

The 13 th semiconducting and insulating materials conference. Sep 20-24 2004, Beijing China

4. Preparation of ZnO Nano fibers for sensor applications by electro spinning and their characterizations

R.Siddheswaran, M.Rathnakumari, R.Jayavel, P.Sureshkumar
International symposium on smart materials and systems Dec15-17, Chennai, India
5. Preparation of CuO/ZnO nano fibers and their characterizations
R.Siddheswaran, R. Sankar, M.Ramesh babu, M.Rathnakumari,
R.Jayavel, P.Murugakoothan, P.Sureshkumar
National symposium on "Crystal growth and characterization" 31 Aug.-01
sep 2005, Loyola College, Chennai, India. (Ad judged as best paper)

Superconducting materials

Journals

1. Growth and characterisation of YBCO crystals
P. Sureshkumar, C. Subramanian, P. Ramasamy
Crystal Research and Technology 24 (1989) 207-210
2. Growth and morphology studies of Bi₂Sr₂CaCu₂O_y crystals.
P. Sureshkumar, C. Subramanian, P. Ramasamy
Modern Physics Letters B 3 (1989) 1417-1421
3. Growth and micro indentation studies of YBCO single crystals
P. Sureshkumar, C. Subramanian, P. Ramasamy
Ferroelectrics 102 (1990) 347-349
4. A study of the morphology of Bi₂Sr₂CaCu₂O_y crystals grown from different fluxes
P. Sureshkumar, C. Subramanian, P. Ramasamy
Prog. High temperature superconductivity, Vol 124 (1990) 355-361
5. Growth of YBCO and NBCO single crystals
P. Sureshkumar, R. Jayavel, P. Murugakoothan, C. R. Venkateswara
Rao, C. Subramanian, P. Ramasamy
Modern Physics Letters B Vol. 4, (1990) 1289-1294
6. Growth and microhardness studies of Ba_{1-x}K_xBiO₃ single crystals
R. Hemamalini, P. Sureshkumar, C. Subramanian, P. Ramasamy
Modern Physics Letters B 4 (1990) 1355-1357
7. Resistivity studies on Bi-Sr-Ca-Cu-O (2212)
C. R. Venkateswara Rao, P. Sureshkumar, R. Jayavel, P. Murugakoothan
C. Subramanian P. Ramasamy
Proc. VI Nat. Seminar on Ferroelectrics & Dielectrics (1990) 170-173
8. Infrared studies on Flux Grown LSCO single crystals
R. Jayavel, P. Murugakoothan, P. Sureshkumar, C. Subramanian, P. Ramasamy
Proc. VI Nat. Seminar on Ferroelectrics & Dielectrics (1990) 151-154
9. Single Crystal Growth of Ni substituted Bi₂Sr₂CaCu₂O_y
P. Murugakoothan, R. Jayavel, P. Sureshkumar, C. Subramanian, P. Ramasamy
Proc. VI Nat. Seminar on Ferroelectrics & Dielectrics (1990) 174-177
10. Growth and Morphology studies of La_{2-x}Sr_xCuO single crystals.
R. Jayavel, P. Murugakoothan, C. R. Venkateswara Rao,
P. Sureshkumar, C. Subramanian and P. Ramasamy.
Mat. Res. Bulletin 26 (1991) 945-950
11. "Effect of oxygen partial pressure on the Nucleation Kinetics of orthorhombic YBCO" M.
Rathnakumari, P.Sureshkumar and C. Subramanian
Crystal research and Technology.37, 11,2002

Conferences

1. Growth and optical microscopic studies of Bi-Sr-Ca-Cu-O compounds
P. Sureshkumar, C. Subramanian and P. Ramasamy
Symposium on current trends in pure and applied physics,

- Oct. 24-25, 1988, Cochin University, Kerala.
2. Growth of Bi-Sr-Ca-Cu-O compounds using alkali halides
P. Sureshkumar, C. Subramanian and P. Ramasamy
National Workshop on High Tc superconductivity,
Dec. 14-15, 1988, Banaras Hindu University, Varanasi.
3. Growth of superconducting crystals using flux technique
P. Sureshkumar, C. Subramanian and P. Ramasamy
Seminar on industrial minerals in national economy,
Dec. 14-16, 1988, Anna University, Madras.
4. Growth and microindentation studies of YBCO single crystals
P. Sureshkumar, C. Subramanian and P. Ramasamy
Indo-US workshop (with Japanese participation) on electronics and materials,
Jan. 14-16, 1989. Pune., India
5. Growth and surface features of YBCO single crystals
P. Sureshkumar, C. Subramanian and P. Ramasamy
IV National Seminar on Crystal Growth Aug. 14-16, 1989,
University of Mysore, Mysore.
6. Growth and Hardness studies of $Ba_{0.9}K_{0.1}BiO_3$ single crystals
R. Hemamalini, P. Sureshkumar, C. Subramanian and P. Ramasamy
IV National Seminar on Crystal Growth Aug. 14-16, 1989,
University of Mysore, Mysore.
7. Evaluation of thermo dynamical parameters for YBCO
D. Jayaraman, P. Sureshkumar, C. Subramanian and P. Ramasamy
International Conference on Crystal Growth, Aug. 20-25, 1989, Sendai, Japan.
8. A study on the morphology of Bi-Sr-Ca-Cu-O crystals grown from different fluxes.
P. Sureshkumar, C. Subramanian and P. Ramasamy
European Conference on High Tc Thin films and single crystals,
Sep. 30-Oct. 4, 1989, Ustron, Poland.
9. Single crystal Growth of $Bi_2 Sr_2 Ca Cu_2 O_y$ compounds by K_2CO_3 method
P. Sureshkumar, C. Subramanian and P. Ramasamy
Solid State Physics Symposium Dec. 19-22, 1989, I.I.T., Madras.
10. Growth of $NdBa_2Cu_3O_{7-8}$ single crystals by spontaneous Nucleation technique.
P. Sureshkumar, R. Jayavel, P. Murugakoothan, C. Subramanian and P. Ramasamy,
XXI National Conference on Crystallography, Dec. 27-29,
1989, BARC, Bombay.
11. Growth of Cd, Pb and Sb and Pb substituted Bi-Sr-Ca-Cu-O single crystals by slow cooling technique.
P. Sureshkumar and C. Subramanian
Symposium on Nucleation, Solution Growth and Surface Morphology,
Jan. 8-9, 1990, Anna University, Madras.
12. Growth and Hardness studies of $NdBa_2Cu_3O_{7-8}$ single crystals.
P. Sureshkumar, R. Jayavel, P. Murugakoothan, C. Subramanian and P. Ramasamy
VIII-International Workshop on Physics of Materials,
Jan. 22-31, 1990, Bharkatullaha University, Bhopal
13. Recent trends in the growth of superconducting single crystals
P. Sureshkumar, C. Subramanian and P. Ramasamy
National Symposium on band structure and its applications to the study of properties of materials. Feb. 13-15, 1990, Anna University, Madras.
14. Crystal Growth of High Tc Superconductors
P. Sureshkumar, R. Jayavel, P. Murugakoothan, C. R. Venkateswara Rao,

C. Subramanian and P. Ramasamy National Symposium on Recent Trends in Nuclear Physics and Solid State Physics, March 19-20, 1990, University of Madras, Madras.

15. Growth of Pb Doped DyBa₂Cu₃O₇₋₈ single crystals by spontaneous Nucleation technique

P. Murugakoothan, P. Sureshkumar, R. Jayavel, C. Subramanian and P. Ramasamy, National Seminar on Crystal Growth of High T_c superconductors, May 17-18, 1990, Anna University, Madras.

16. Growth and Morphology studies on LSCO single crystals

R. Jayavel, P. Murugakoothan, P. Sureshkumar C. Subramanian and P. Ramasamy, National Seminar on Crystal Growth of High T_c superconductors, May 17-18, 1990, Anna University, Madras.

17. Raman Spectrum of NdBa₂Cu₃O₇₋₈

V. Ramakrishnan, M. Gurunathan, P. Sureshkumar, C. Subramanian and P. Ramasamy, National Seminar on Crystal Growth of High T_c Superconductors, May 17-18, 1990, Anna University, Madras.

18. Growth of YBa₂Cu₃O₇₋₈ & DBa₂Cu₃O₇₋₈

P. Sureshkumar, F. Josephkumar, C. Subramanian and P. Ramasamy National Seminar on Crystal Growth of High T_c superconductors, May 17-18, 1990, Anna University, Madras.

19. Crystal growth and superconductivity studies of Pb₂Sr₂Ca_{0.5}Y_{0.5}Cu₃O₈

C. R. Venkateswara Rao, P. Sureshkumar, C. Subramanian and P. Ramasamy National Seminar on Crystal Growth of High T_c superconductors, May 17-18, 1990, Anna University, Madras.

20. A study on the influence of critical nucleus shapes on the nucleation kinetics

P. Sureshkumar, C. Subramanian, P. Ramasamy and M. N. Shetty 64th Colloid and surface science symposium and nucleation symposium, June 18-20, 1990, Bethlehem

21. Growth of single crystals of Bi-Sr-Ca-Cu-O and NdBa₂Cu₃O₇₋₈

P. Sureshkumar, C. Subramanian and P. Ramasamy American Conference on Crystal Growth, July 15-20, 1990, Co, U.S.A.

22. Single crystal growth of Ni substituted Bi₂Sr₂CaCu₂O_y

P. Murugakoothan, R. Jayavel, P. Sureshkumar, C. Subramanian and P. Ramasamy, VI National Seminar on Ferroelectrics and Dielectrics, Dec. 17-19, 1990, Kakatiya University, Warangal

23. Infrared studies on flux grown LSCO single crystals

R. Jayavel, P. Murugakoothan, P. Sureshkumar, C. Subramanian and P. Ramasamy, VI National Seminar on Ferroelectrics and Dielectrics, Dec. 17-19, 1990, Kakatiya University, Warangal

24. Resistivity studies of Bi-Sr-Ca-Cu-O

C. P. Venkateswara Rao, P. Sureshkumar, R. Jayavel, P. Murugakoothan, C. Subramanian and P. Ramasamy VI National Seminar on Ferroelectrics and Dielectrics, Dec. 17-19, 1990, Kakatiya University, Warangal

25. Effect of Nickel substitution in the high temperature superconductor system Bi-Sr-Ca-Cu-O

P. Murugakoothan, R. Jayavel, C. R. Venkateswara Rao, P. Sureshkumar, C. Subramanian and P. Ramasamy XXII National Seminar on Crystallography, Dec. 25-28, 1990, IACS, Calcutta

26. Superconducting studies on Pb₂Sr₂Ca_{0.5}Y_{0.5}Cu₃O₈ single crystals

C. R. Venkateswara Rao, P. Sureshkumar, R. Jayavel, P. Murugakoothan,

C. Subramanian and P. Ramasamy

XXII National Seminar on Crystallography, Dec. 25-28, 1990, IACS, Calcutta

27. Preparation of high Tc Bi-Sr-Ca-Cu-O glass and their characterization studies.

R. Jayavel, P. Murugakoothan, C. R. Venkateswara Rao, P. Sureshkumar, C. Subramanian and P. Ramasamy

XXII National Seminar on Crystallography, Dec. 25-28, 1990, IACS, Calcutta.

28. Growth of Cd,Pb and Sb substituted Bi-Sr-Ca-Cu-O single crystals by slow cooling technique.

P. Sureshkumar and C. Subramanian, Symposium on Crystal Nucleation, Solution Growth and Surface Morphology, Jan, 8-9, 1990, Anna Univ., Madras

29. Thermodynamics of T-O transformation in YBa₂Cu₃O₇₋₈

P. Sureshkumar, F. Josephkumar, C. Subramanian and P. Ramasamy

DAE Solid State Physics Symposium, Jan. 1-4, 1991 BARC, Bombay

30. Synthesis of NdBa₂Cu₃O₇₋₈ single crystals and their Characterisation

P. Sureshkumar, C. R. Venkateswara Rao, R. Jayavel, P. Murugakoothan, C. Subramanian and P. Ramasamy

DAE Solid State Physics Symposium, Jan. 1-4, 1991, BARC, Bombay

31. Growth and characterisation of single crystals of high Tc superconducting materials

P. Sureshkumar,

DAE Solid State Physics Symposium, Jan. 1-4, 1991, BARC, Bombay

32. Effect of pressure on electrical resistivity of melt quenched Bi-Sr-Ca-Cu-O

D. Jai Xavier Prabhu, V. Saravanan, P. Sureshkumar and S. Natarajan

XIII National Symposium on Cryogenics Des 3-5 1993, Shivaji University, Kohlapur

33. Separation of C₆₀ by a modified Soxhlet apparatus

P. Sureshkumar, S. Kumar, V. Saravanan and S. Natarajan

MRS fall meeting, Nov 1994, Botton. USA.

34. A study of Nucleation phenomena in YBCO using Classical theory.

P. Sureshkumar and C. Subramanian,

National seminar on Crystal Growth, Feb '95, Anna University, Madras-25.

35. Growth and characterisation of Green sapphire by Modified vernueil technique.

P. Sureshkumar

XXIV National seminar on crystallography, Jammu, India Oct 20-22, 1992

Nucleation Studies and other works

1. Nucleation kinetics of ellipsoidal shaped nucleus on a dislocation during a solid state transformation.

P. Sureshkumar, C. Subramanian, P. Ramasamy and M.. N. Shetty,

Scripta Metallurgica 22 (1988) 1189-1193

2. Nucleation kinetics of ellipsoidal shaped nucleus during a solid state transformation

P. Sureshkumar, C. Subramanian and P. Ramasamy

International conference on Atmospheric Aerosols and nucleation,

Aug. 27-30, 1988, Vienna, Austria.

3. A theoretical study on the nucleation phenomena in solids.

P. Sureshkumar, C. Subramanian and P. Ramasamy

XVIII National Seminar on Crystallography Oct. 7-9,

1987, University of Jammu, Jammu.

4. Nucleation and growth kinetics during recrystallisation of copper and silver

P. Sureshkumar, C. Subramanian and P. Ramasamy

III National Seminar on Crystal Growth. Feb. 16-19,

1987, Anna University, Madras.

5. *Growth and microhardness studies of sb2s3*

P. Sureshkumar, C. Subramanian and P. Ramasamy

National Seminar on Physics and application of new materials,
March 22-24, 1988. IACS, Calcutta.

6. *Theoretical Study on the Nucleation Kinetics in Cu-Co, Ti-C and Fe-Fe₃C alloy systems,*P. Sureshkumar and C. Subramanian

Symposium on Crystal Nucleation, Solution Growth and Surface Morphology,
Jan, 8-9, 1990, Anna University, Madras..

7. *Energy Dispersive X-ray diffraction - calibration of Ge Detector*

S. Aniponnmal, S. Ravikumar, P. Sureshkumar, C .H. Trinath,

T. S. Subba Raman, N. Victor Jaya and S. Natarajan.

XXIV National seminar on crystallography, Jammu, India Oct. 20-22, 1992.

8. *Fourier transform infrared band investigation and qualitative analysis of rubber and its derivatives,*

M. Rathnakumari , P. Sureshkumar and S. Gunasekaran

'National sem. on spec.physics, Feb10-12, 1997, Pachiyappa's College, Chennai.

9. *Vibrational spectroscopic studies of some thermostat polymers*

M. Rathnakumari, P. Sureshkumar and S. Gunasekaran

II National conference on spectrophysics August 9-12, 2000,

Pachiyappas College, Chennai.

10. *"Vibrational spectroscopic studies of some thermostat polymers"*

M.Rathnakumari, P.Sureshkumar and S. Gunasekaran in the National conference on spectrophysics, August 9-12, 2000, Pachiyappas College, Chennai, India

Books published:

1. *"Applied Physics for Engineers"* along with M. Rathnakumari, KA Publications, Chennai, INDIA, published in 1996.
